Subject: Re: DAS Report March-September 2012

Question: If a DAS has many parameters, can they all (parameters) just be included on one line and not a separate line for each parameter within the same DAS number? But then looking at the database and how the information is enter you probably can't.

Give me some time to look this over.

thanks

Ex. 4 - CBI

Only need records where DAS field is not null and you can eliminate the STATUS column. Would also like the report in Excel spreadsheet.
